

# JENKINS PLAN

The Jenkins Plan means one price to all.

The Jenkins Plan means truthful statements.

The Jenkins Plan means that your neighbor does not buy the same piano from us cheaper than you can.

The Jenkins Plan means that you are buying from a concern that has been in business in Kansas City for over twenty-seven years.

**Truth will Endure** Right will win. Honest principles, fair dealing, may sometimes be obscured by the hurricane of dust raised by the "any old price," "just as good" dealers, but finally the dust blows away and truth shines forth.

**The Jenkins Plan** means fair and honest treatment with prices as low as we can make them, and have a fair profit for ourselves. We cannot have all the trade in our territory. We could not get all the trade if we sold pianos at \$25.00 apiece. There are a lot of people who will buy the "just as good" kind, but as time goes by our trade is constantly increasing. Every day we hear "hard luck" stories from dissatisfied customers who have tried the "just as good" kind. Those people are loudest in their praise of the Jenkins Plan. They have tried other plans.

**Your Son or daughter** your office boy, your mother or aged grandparent gets the same honest treatment. We do not take advantage of anyone. Our prices are marked down as low as possible, just a fair margin of profit, that is all, and we stand behind our guarantee.

**We are Responsible** the present proprietors are the second generation. They have grown up in the business from boyhood and there is another generation of Jenkins Youngsters. We are proud of our name and reputation, and we want the Jenkins Plan to continue when our sons take charge of affairs.

**Reputation** is nearly the only thing in the world that can't be bought with money, therefore reputation is worth more than money.

**The one-price Plan** alone will not bring business. The only way to make the one price plan successful is to make the price low. There are a lot of things about pianos and musical instruments that the public don't know about. There are a lot of pianos of the eight karat variety masquerading as the eighteen karat kind.

On the 7th of this month we brought to your city a carload of new pianos, carefully selected from our stock of more than 500 pianos in Kansas City, to show to the people of this vicinity what they could buy a good piano at unquestioned worth and reputation at if they would go into the larger markets. We have paid the freights and deliver the piano in your home at the same price as if you had lived in Kansas City.

A small cash payment and \$6.00, \$7.00, \$8.00 or \$10.00 per month would send a piano home to-day---you would enjoy the piano while paying for it, and know your children are getting a musical education.

## J. W. JENKINS SONS'
